

Request to Check for Errors

I would appreciate your checking my latest web page for any errors of fact:

<https://cheshirepolice.org/superintendent-alison-ross/>

If you believe that there are errors, please bring them to my attention so that I can review the need for changes.

Constables Eoin Anderson and Nicola Rimmer have had this same opportunity to advise me of anything they believe to be incorrect. In the absence of such advice, and in the absence of any action for defamation, we can take it as fact that they are criminals, even if you are not prepared to do anything about it, in violation of your responsibility as a police officer.
